2016-17 Family Income Verification Form Instructions

Please make sure to complete and review the Family Income Verification Form with all clients. Your participation in this process will help ensure proper completion and full understanding by clients of how information collected is protected and used by your organization and the Mayor's Office of Housing and Community Development. It also ensures compliance with both federal and local regulations and requirements. This information is required for all MOHCD projects supported by federal Community Development Block Grant funds, as well as local General Funds and Housing Trust Funds. Data is used to collect demographic information to assess the impact and proper execution of MOHCD's Grant Programs in partnership with community based organizations.

Your agency may use an alternate form if it 1) contains all required elements from the Family Income Verification Form, and 2) has been approved by your Grant Coordinator.

CLIENT INFORMATION - Must use either client name or unique identifier (contact your Grant Coordinator to request the use of unique client identifiers).

ETHNICITY AND RACE

- The Federal Housing and Urban Development Agency (HUD) uses the U.S. Census Race & Ethnicity categories, and MOHCD uses these same categories for all Community Development grants.

- Please go over definitions to assist clients in making an informed selection

- **ETHNICITY** - Ask all clients to select either "Hispanic/Latino" or "Not Hispanic/Latino"

DEFINITION: Hispanic/Latino is an ethnicity category that cuts across all races. Those who are White, Black, Asian, Pacific Islander, American Indian, Other or Multi-Racial may also be counted as being Hispanic/Latino.

FAMILY INFORMATION

DEFINITION:

Family includes, but is not limited to, the following regardless of actual or perceived sexual orientation, gender identity, or marital status: a single person or a group of persons residing together.

- Clients should indicate if they are a Single (Female/Male) headed household or Dual Headed Household.
- Please ask clients to indicate the number of persons living in their household that make up their family.
- “Total estimated income for the next 12 months for all adult members” includes income, public benefits, and in-kind benefits such as free housing provided by family.

OPTIONAL CATEGORIES

- This section contains optional information that is useful, but not required.

CURRENT INCOME INFORMATION

- To complete this section, please make sure to use/double check the total number of people listed by client in the “FAMILY INFORMATION” section of the **Family Income Verification Form** in order to make sure that this information is consistent.
- **Circle** the annual current income for all adult members of that family.
- If family is more than 8 people, for each person in excess of eight, 8 percent of the four-person base should be added to the eight-person income limit. (For example, the nine-person limit equals 140 percent [132 + 8] of the relevant four-person income limit.) Round income limits to the nearest \$50.

INCOME CERTIFICATION

- Please request to see one of the income documents listed in this section. Documents do not need to be copied or retained, only reviewed by staff. Staff signature on the form serves as verification that all information on the form is accurate (including review of income certification documents).
- Staff should make best efforts to view income documents for all clients. In the case of CDBG grants, failure to properly income certify and collect a completed and signed form for over 50% of clients may result in the requirement to conduct a complete recertification of all clients from the year being audited (which may be a previous program year). Failure to recertify all clients can result in grantee having to repay the full CDBG grant amount.
- If the client is unable to produce an income document, staff will use the “Self-Certified” box and provide an explanation for why self-certification was necessary, and if the client does receive one of the income-qualified benefits listed. For example, “Client on food stamps, but did not have income document at time of interview” or “Client is low-income, but did not have proof of income at time of interview.”
- If client brings income documents in at a later date, please update form with that information.
- For CDBG grants, self-certification is primarily used for individuals who cannot access this type of information because of unique circumstances (for example, victims of domestic violence and/or homeless individuals) that prevent the client from presenting this information for review by staff interviewer.
