1	We'd like to understand the rationale behind the recommendations for funding allocation.	Funding line-item recommendations are included for every Cultural District launch RFP to serve as guideposts and reflect, generally, what the focus is for the first year of implementation. The budget expresses a framework. We ask that you consider our recommendations and then propose your budget based on what makes sense for your organization and approach. If awarded, we will have a grant negotiations process.
2	Is deviation from the funding recommendations allowable?	Yes, you may deviate from the funding line item recommendations.
3	In the RFP, for the SCCD board - do we have to have a person's name, or can we list an organization will have a representative?	Yes, you may list an organization in place of a person's name.
4	For the narrative, do we have to re-state the question or can we just number it? Thinking of the page limit.	You can number your responses – please make sure it is clear to the reviewers which question you are responding to.
