Allowable Annual Rent Increase for exising tenants in projects governed by the above MOHCD Rent Limits:

These maximum gross rents apply to units for which the owner pays the cost of all utilities. To calculate the maximum rent when the tenant pays for some or all of the utilities, or "net rent," 1) determine which utilities will be the tenants' responsibility, 2) look up the corresponding utility allowances in the chart below, 3) calculate the total of those allowances and 4) subtract the total from the maximum gross rent. The following example is for a 3 B R unit restricted to households with incomes at or below 60% AMI and for which the tenants will have to pay the cost of electricity and gas cooking and the owner will pay for heat and hot water.

Cooking - Natural Gas - 3BR	\$8	Maximum Gross Rent - 3BR - 60% AMI	\$1,776
Other Electricity - 3BR	\$68	Total Utility Allowance	-\$76
Total Utility Allowance	\$76	Maximum Net Rent	\$1,700
