

# You can own a home in San Francisco.

## DREAM KEEPER

As part of Mayor Breed's larger investment in the Black community, the **Dream Keeper Initiative** aims to reduce existing chronic disparities in homeownership by widening the path for historically underresourced communities.

Through the **Dream Keeper Downpayment Assistance Loan Program (DK DALP)**, the Mayor's Office of Housing and Community Development is providing an additional opportunity for low to middle income buyers to compete in San Francisco's high cost housing market.

- Receive up to \$500,000 in downpayment assistance
- Receive up to \$30,000 in a Wealth Building Grant to help with closing costs
- Connect with housing counselors, lenders, and realtors
