How to use this Resource Guide

Welcome! We hope that you find our Resource Guide useful for navigating Housing and Homelessness Resources in San Francisco. Please note, the Mayor's Office of Housing and Community Development is not endorsing the organizations listed in the Resource Guide. Our goal is to simply provide the public with information about available resources in the community.

This manual is a first attempt at compiling various housing resources located in the City and County of San Francisco. This is by no means a complete list of everything available in the City. Use this as a starting point and a reference for further opportunities.

The information in the Resource Guide may change from time to time. Please contact each organization directly to inquire about their current services. If you are an organization that would like to update the information listed in our Guide, or an organization that would like to be added to our Guide, please contact Steven Gallardo-Brown at Steven.Gallardo-Brown@sfgov.org or 415-701-5545.

with an interviewer who then prepares the paperwork necessary to file for a restraining order. Interpreters are available at the clinic for clients who do not speak English or Spanish. Child care is also available. Clinic appointments are scheduled on Saturdays or on Thursday evenings. After the initial interview, CROC files the client's restraining order request at the Court and obtains a Temporary Restraining Order that lasts 2-3 weeks until a hearing. The Temporary Restraining Order must be personally served on the abuser, and CROC can assist with this service. CROC attorneys accompany clients to their restraining order hearings and arrange for interpreters if necessary. At the hearing, the Court can make a Restraining Order that lasts for up to five years.
